## PROJECTS

### Multi-Player Blackjack Game (Software Engineering, Ongoing)

- Developing a Java-based Blackjack game with GUI in a 5-member team. Focused on game logic, object-oriented programming and implementing client-server networking using Java Sockets.

### DVD Manager Application (Java GUI Project, 2025)

- Built a desktop application using Java and Swing to manage a personal DVD collection. Integrated file I/O to load and display DVD data. Focused on user experience and interface responsiveness.

### Personal Portfolio Website (Web Dev, Ongoing)

- Building a portfolio website using JavaScript, HTML, and CSS with a focus on responsive design

### Social Crisis Website (beginner level Web Dev Project, 2023)

- Created a website to raise awareness and collect donations. Integrated wireframe design, donation button, and payment processing.

## EXPERIENCE

### Math Tutor – Chabot College Learning Connection (2023 – 2024)

- Provided tutoring in pre-calculus, algebra, and trigonometry to diverse student populations.
- Worked one-on-one and in small groups, supporting both in-person and online learning.

### Sales Associate – CVS Health (05/2023 – Present)

- Delivered customer service, managed sales transactions, and ensured product displays were stocked and organized.
- Collaborated with team members to maintain smooth store operations.

## EXTRACURRICULAR
